Cause and Effect Graphic Organizer

Directions: Record the cause and effect relationships in the graphic organizer.

Cause

Effect

Automation tools: Software that automates repetitive tasks frees up employees for more complex work.

Increased efficiency: Tasks that once took hours can now be completed in minutes.

Cloud computing: Cloud platforms enable access to work files from anywhere, improving flexibility.

Remote work opportunities: Technology allows employees to work from home or on the go.

AI-powered analytics: Tools that analyze data for trends assist in faster decision-making.

Improved accuracy: Automated processes reduce the risk of human error.

Communication technology: Video conferencing and instant messaging streamline team collaboration.

Burnout risk: Over-reliance on technology can lead to stress and fatigue for employees.
